

## **Advanced Practice Nursing Roles, Regulation, Education, and Practice: A Global Study**

In order to better understand and guide the development and evolution of APN roles, the ICN NP/APN Health Policy Subgroup is conducting a [global study](#). This is an online survey for APNs and or APN researchers, educators, regulators, and administrators. Participation is voluntary, confidential, and anonymous, and has no foreseeable risk or harm. It has received institutional review board (IRB) approval by the University of Kentucky Office of Research Integrity. We are inviting participants to complete the survey at <https://redcap.uky.edu/redcap/surveys/?s=TF7JYTY48C>

**Please complete by 30 October 2018.**

For additional information and/or questions, please contact any of the Principle Investigators:
