

ICN NP/APN NETWORK- COVID19 Video Initiative “COVID-19 – We’re listening”

Aim of COVID-19 video project

The purpose of this project is to provide Advanced Practice Nurses with the opportunity to share stories about advanced practice care experiences during the current COVID 19 pandemic. Participation in the initiative through shared videos serves to highlight the global work conducted daily by these important clinicians.

Advanced Practice Nurse (APN) Definition

An Advanced Practice Nurse (APN) is a generalist or specialised nurse who has acquired, through additional graduate education (minimum of a master’s degree), the expert knowledge base, complex decision-making skills and clinical competencies for advanced nursing practice, the characteristics of which are shaped by the context in which they are credentialed to practice. The two most commonly identified APN roles are CNS and NP (ICN, 2020).
